Roof Mitigation Verification Statement

Permit # HC-BTR-23-0154999

On our about 4/14/2023, I did personally inspect roof replacement work at

9826 - 9832 Fan Palm Way
(Address)

Based upon the examination, I have determined that the following roof mitigation measures were performed in accordance with Section 201 of the Hurricane Mitigation Retrofit Manual:

1. Roof deck attachment and fasteners strengthened and corrected as required by Section 201.01.
2. Secondary water barrier provided as required by section 201.2. All associated mitigation is in compliance with the Hurricane Mitigation Retrofit Manual (Based on 553.844 F.S.).

Certification

I certify that I am (Check one of the following):

- ☒ Licensed Roofing Contractor
☐ Licensed General, Residential, or Building Contractor Licensed
☐ FS468 Building Inspector
☐ Registered Architect or an Engineer in the State of Florida

Duly authorized by the State of Florida or its county's municipalities to verify compliance with the Hurricane Mitigation Provisions of HB 7057, Section 553.844 Florida Statutes. I also certify that I personally inspected the premises at the location address listed above on the date of this Statement. In my professional opinion, based on my knowledge, information and belief, I certify that the above statements are true and correct.
